

Lesley University Center for Mathematics Achievement

Ramping Up to the Common Core Saturday Workshop Series

We are offering a series of workshops focusing on strategies for implementing the 2011 Massachusetts Curriculum Framework for Mathematics which incorporates the **Common Core State Standards**.

These workshops are appropriate for anyone wishing to enhance their content knowledge and embrace the Common Core State Standards and their impact on their teaching and students' learning.

Workshops may be taken for PDPs!

Workshop Schedule:

Saturday, April 20: **Integrated Number and Operations for the Elementary Classroom**
(Register by April 16) *Barbara Allen-Lyall*

Saturday, May 11: **Perseverance in Problem Solving**
(Register by May 7) *Adam Deleidi*

Saturday, June 1: **Mathematical Practices through Geometry**
(Register by May 28) *Katherine Richard*

All workshops run from 9:00AM to 3:00PM, with a half hour break for lunch.

Location: University Hall, 1815 Massachusetts Ave, Cambridge, MA 02138

Accessible via the Porter Square T station on the Red Line and Commuter Rail. Limited parking is in the Lesley lot is available at a discounted rate.

Registration and Payment:

The cost of the workshop is \$50 per person.

All participants must register in order to attend.

Please email Matt Rogers (mrogers9@lesley.edu) for registration materials or if you have any questions.
