Dear Mathematics Colleague,

In the spring of 2020, the Association of Teachers of Mathematics in Massachusetts will award a \$500 scholarship and award certificate to selected members of the class of 2020 from high schools in Massachusetts. The awards will be determined on the basis of outstanding achievement or service in the field of mathematics. One award is specifically designated for seniors at vocational, technical, or agricultural high schools. A second award will be given to a high achieving female student in the memory of Anne Elliot Smith; a mathematics teacher at Buckingham, Browne and Nichols, a member of the ATMIM Board, and a 1985 Presidential Award winner. A third award will be given in memory of J. Bryan Sullivan; a teacher and math coach at Hudson High School, past president of both the Atlantic Regions Math League and ATMIM, and organizer of mathematics conferences at the local, state, and national levels.

Scholarship applicants must be nominated by a member of the mathematics department of his or her school. Secondary schools (public or private) in Massachusetts are strongly encouraged to nominate students who have shown outstanding effort, achievement, and/or service in the area of mathematics. A committee consisting of board members and other teachers of mathematics will independently review all applications and determine the award recipients.

Please note that the nominations must be received by **March 10, 2020**.

Nomination forms are available electronically on the ATMIM website under "Scholarship:" <http://www.atmim.net>

**Send nominations electronically (preferred method) to:
atmimscholarship@gmail.com**

If using the PDF version of this form, you can use a PDF filler such as fillanypdf.com to make it easier.

If you cannot send the completed form electronically, or if you have questions, please contact: Michele Lippens at atmimscholarship@gmail.com.

Sincerely,

ATMIM Scholarship Chair

Affiliate of the Association of Teachers of Mathematics in New England (ATMNE)
and the National Council of Teachers of Mathematics (NCTM)
